To speak to an account handler please press 1. Female: Hello KGM <b>PC G:</b> Hi there it is PC Geoghan from the Met Police I need to speak to someone about a policy of insurance a gentleman claims to have with you <b>Female:</b> Okay if you hold the line, I will pass you through to our underwriting department <b>Carl KGM:</b> Good afternoon Carl speaking how can I help <b>PC G:</b> Hi there it's PC Geoghan from the Metropolitan Police I've got a gentleman stopped and he has produced a certificate of insurance from KGM and I just wanted to clarify some of the limitation on the use. <b>Carl:</b> Okay do you have a policy number <b>PC G:</b> Yeah, I do it's MT3574694. <b>Carl:</b> It's a Motor trade policy. Yeah, I might have to forward you to another Department <b>PC G:</b> Yeah sure <b>Jessica:</b> Hi you have been passed through to Jessica from KGM how I can help <b>PC G:</b> I have a gentleman here who has been stopped with an insurance certificate issued by KGM. I've got a policy number and other details <b>Jessica:</b> Okay I can see that from my screen <b>PC G:</b> Basically, it says motor trade and SDWP and use motor trade purposes- Looking at vehicle it's got a load of tools in and they appear to be workmen doing sort of work odd jobs here and there. Is that something motor trade would cover? <b>Jessica:</b> No, he just covered for road trade, road risk only and SDWP and would not cover for any other occupation</p>

**PC G:** Okay right, right. He's claimed he bought the vehicle today or yesterday and he's not able to produce any proof that he has done that

**Jessica:** Rights

**PC G:** Erm, does he have to notify you of any vehicles

**206,**

**Jessica:** When a client purchases a vehicle, they have 14 days to make us aware. If they didn't within 14 days they don't make us aware then they're not covered but anything like this happened we do need proof to show that he had only had it within the 14 days otherwise it would not cover it we need to obviously we would not ask for proof normally but say if he has like pulled over now we would ask because he could just say he bought it yesterday or a week ago and we would still cover him.

**PC G:** So, it definitely does not cover him on the if he literally going around with tools in the van doing jobs that is not something, he is covered for

**Jessica:** Certainly not

**PC G:** That's not something he is covered for

**Jessica:** No certainly not

**PC G:** Can I just get your name obviously for my notes

Thank you for calling KGM introduction hold whilst we connect you to our underwriters

**Charlton Car pound:** Good afternoon James speaking

**James KMG:** Hello James is Kelly there please. Who's calling please?

Charlton Car pound -

**Car pound Metropolitan police service James KMG:** Yeah one second please. Okay I will just put you through Kelly Tiller -

**Hello Kelly:** speaking

**Gareth:** Hello Kelly my name is Gareth, Manager of Charlton Car Pound Metropolitan Police Service I'm dealing with a Mr Simon Paul Cordell something about the tools in the back of his vehicle

**Kelly:** Correct yeah

**Gareth:** All I can do is I've looked at the seizure notice which would be given to Paul at the time and any property left was blank so if there were any tools in the back normally that would be registered as tools in the rear of the vehicle

**Kelly:** Right okay because we had a call from the police

**Gareth:** Yeah

**Kelly:** He advised that there were tools in the vehicle

**Gareth:** Do you want to speak to him a moment

**Kelly:** Who Sorry

**207,**

**Gareth:** Paul because I have got him in front of me

**Kelly:** Yeah that's fine

**SC:** Hello

**Kelly:** Hello

**SC:** You alright Kelly

**Kelly:** Okay what have they given you there

**SC:** They have not given me anything but he did explain to you on the phone that there's no tools on the vehicle on their CADs and in any case, they would write that down tools in the vehicle and so forth

**Kelly:** Right okay and has he gives you a print out of this.

**SC:** No, you will have to ask him yourself

**Kelly:** Right can you pass me back to him

**Gareth:** Hello Kelly

**Kelly:** Hello, right okay so if there was any kind of tools in the vehicle it would be stated on there

**Gareth:** Well yeah what happens on the roadside a police officer will issue a seizure notice and he will say do you want to take any property out of the vehicle, normally they take satnavs, wallets, money whatever

**Kelly:** He could have taken the tools out of the vehicle

**Gareth:** Well I do not know I am not going to comment on that to be perfectly frank with you all I can do is comment on the paperwork that I see in front of me Right okay

**Gareth:** And there was nothing left in the vehicle

**Kelly:** At the time of when it come in but obviously Yeah

**Kelly:** He's had the opportunity to take items out of that vehicle

**Gareth:** But then it would have been mentioned that he had done that and there is nothing there saying that he had, and it would have also mentioned what was taken on the seizure notice yeah

**Kelly:** Is there any chance you can forward me a copy of this

**Gareth:** No, we are not allowed to under the Police Act and God knows what else. All I can confirm is what I have seen on the seizure notice

**Kelly:** Can you confirm that in an email to me please

**Gareth:** Right what you do

**Kelly:** I have already emailed yourselves and Right

You've replied to say you would not have anything like that on record and I just need you to pop me over an email to say that

**Gareth:** If you go to Charlton car Charlton documents and I can reply from there because we have firewalls and God knows what else

**Kelly:** So, you don't use the vcase one of whatever it is called

**Gareth:** No if you do [charltondocuments@met.police.uk](mailto:charltondocuments@met.police.uk). What I am going to do I am going to bring up a copy of this seizure notice just double check that I have done everything right for you

**Kelly:** Are you a police officer

**Gareth:** No, I work at the compound I am just one of the little plebs

**Kelly:** I have just forwarded you over a copy of the email and the reply that I got from the vres

[Charlton@met.pnn.police.co.uk](mailto:Charlton@met.pnn.police.co.uk)

**Gareth:** What I will do I can only go on what we have got here and I'm just bringing it up now if you bear with me. I am looking at the copy of

**208**

**Kelly:** Is that from a PC Geoghan

**Gareth:** Bear with me at the end of the day it is just a signature

**Kelly:** Oh, alright okay

**Gareth:** All I can say is property left in the vehicle there is nothing in their Property removed from driver that is blank as well but obviously he did not remove anything else as that would have been registered

**Kelly:** Yeah

**Gareth:** He would have told the officer there's tools in there be careful as they're part of me trade

**Kelly:** Yeah

**Gareth:** Then that would have been registered they were within there. We take them out and put them into our property store for safe-keeping and then when he comes to collect them, they get given back then

	<p><b>Kelly:</b> Right okay that fine it is just when we got a call from the officer when he has Mr Cordell at the roadside, he has advised us that he is carrying tools in his vehicle</p> <p><b>Gareth:</b> Well I can't comment on that I can only go on the information on that seizure notice and there was nothing been entered that the gentleman removed anything or there was anything left. That's all I can say</p> <p><b>Kelly:</b> That's fine no worries so if you can just reply to my email there and then that will be great. Thanks for your help.</p> <p><b>Email from Kelly Tiller to compound. With this I rushed to the hospital to where he got taken full of worry for his life. **I met a new partner: --**

After I headed back out and met a new partner who already has a younger sibling, this young child was with another man and for that time we were together, we were very much happy I believe. We knew each other for some time, but never got to know each other better. The day got panned by me so I would work; the date was the

**20/04/2014**

and I was to be supplying power and a sound system equipment to an event which got known as Cannabis 420 days. Police said that I was not due to attend at the event with equipment, when I drove up to the entrance, which I understood not to be true, as I got asked to power the event and sound by a company who messaged me a few weeks in advance of the date. I still have the emails to prove this, from people who managed the event; I left the site after what transpired to happen after the police officers said what they said. After leaving, I got a phone call explaining that I let the person down who hired me for the event, as a consequence, I drove back home and put the equipment away, I later got a phone call from a friend who said that he had a party going on and asked if I would like to attend. I did this and with no equipment while there I was having a good time when I came across a beautiful lady. She came up to me after her friend ended up banging her head after dropping from taking a balloon and together, we looked after her. While looking after this lady with a saw head, I and the beautiful lady had been trying to find cold drink but there seemed to have none left. I can remember the room being hot and this being the first time that I went out to have fun as for the bail conditions that I got placed on since breaking up with my first partner. Thought the night I continued to chat with this lady, and we got along well. She made me smile when she popped up with a few cold bottles of fizzy Lucozade for us all and I asked her was where she had managed to get them from. When she replied to me, from the shop; I tried to think of where the closest shops were to where we were and knew them to be far away. Me, being me, I never would expect a woman to puts her hands into her own pockets, to pull out her money,

	<p>so to pay for something, but on this occasion she in fact made me feel welcome, to take the drink from her. It got explained by her that she saw the police on her way back in, and she thought that it would be best to take her back home so that we were both safe and that is what I did I found my new partner.</p>

According to residents in Anglesey Road, adjacent to crown road, the loud noise and disturbance continued until 3pm the next day. One resident, who wanted to remain anonymous, said that the 15-hour rave was "ridiculously loud/" He said: "It was so loud the whole house was shaking like an earthquake was happening. There are no clubs or bars near us so this was quite a shock. We understand that sometimes it could be loud late at night but for it to continue until 3pm the next day Is not right. "I walked along to check out what was going on, it was ridiculously loud. Things were getting smashed up in the building and people were spray painting everywhere." Police say they attended late on Saturday evening and returned the following day and music was still being played.  <b>TOTAL POLICING COME AND TALK TO THE COMMISSIONER WHAT WOULD YOU ASK?</b> We are inviting you to meet the Commissioner of the Metropolitan Police Service. Listed building 'wrecked' by graffiti (From Enfield Independent)

Vandals have "completely wrecked" an abandoned building by painting graffiti on the front and squatting inside.

The NAN building, in Crown Road, on the junction with Southbury Road, Enfield, has also been used for illegal raves and parties in the last few months.

Formerly used as a car factory, the Grade II listed building closed down more than a year ago and

**Enfield Borough Council is now looking for a new owner.**

David Cockle, the chairman of the Enfield Society, has been left concerned by the way the way the building has fallen into disrepair.

He said: 'It once had a very nice, manicured garden - but now it's just been completely wrecked. It's a huge shame.

"I recently discovered that squatters have been on site and It's generally in a deplorable state, ft doesn't give a good impression to people visiting the area for the first time.

"It's such a high-profile site and one we should be proud of, but now it just looks awful.1'

Earlier this year, people in nearby Anglesey Road, said their houses were "shaking like an

The party included loud music and continued until 3pm the next afternoon - a total of 15 hours.

Graffiti tags have now been emblazoned on the front of the building, which has been boarded up.

Mr. [REDACTED] added: "For a listed building to be left like that, it's terrible

"The plants and shrubs are overgrown too - it's sad to see it so run down.

"It used to be such an attractive building. 1M

I got asked to attend to say hello and so to drop off money for food and other living essentials to them. In the end, I drove in my van and when I arrived at the area's location; I pulled over and stop on the way to my friends. The place I stopped at was a local pizza shop and I ordered food for us all, I asked for the food to get delivered to the same address to where I would be. I arrived at my destination I noticed that there were no police present. The occupiers allowed me entry into their legal home, and I drove my van inside. We took a seat together after they showed me around. Once we sat down, we started the normal general chat about what each other's, lives had gotten up to, since we last saw each other. The pizzas soon, therefore after arrived as I ordered them to and we all indulged in eating the food and after some time, while me and my friends lengthened our conversations. I got startled; I could make out the sound of an alarm bell going off inside of the building, I noticed a lot of activity from within the premises and overheard a person shouting at another person. On listening even closer, to what they were shouting about, I can remember their discussion being that of: somebody else had got into a section of the premises and opened a fire door that did never got opened before, soon</p>							

after, the door had got sealed and opened the alarm went straight back off to how it originally was before hand: silent! In the cool down period of what just posited to proceed; what I would claim to be about minute the police arrived and as a regular event they chose to talk to me once they realised my presence. The police done their cheeks and asked to look inside of my van on doing so; I granted them permission to do so after the police officers checks they were happy that I had no true sound equipment on me other than two old speaker boxes without speaker drivers in them, that I left in the van due to not being able to move them into my storage room due to space. The police said it would be OK for me to leave and go so this is what I did. A few months later the police added this day into the ASBO Proceedings. On the day I never got arrested for any criminal offences. When I arrived to the premises in my van, the building already got occupied under a section 144 LASPO notice and I merely attended, just to bring food to some friends and spend time with them all. I had empty speaker boxes in my van, but they did not contain the drivers that would have got required to make sound neither did I have any other equipment that would constituent towards a full sound system. I also did not have any, intentions of setting up a rave as is being stated by PC Steve Hoodless. What did in fact happen is that after the incident the attending police officers add this inelegance into the police National computer system and months letter a Steve Elsmore got told to create an ASBO, so he and other official people edited them police cad's and this can get seen in the official Anti-Social Behaviour paperwork and then them officers of the law adduced the information into the application for their own self gain in victimising me?

After several minutes and upon hearing Police organising entry to the premises in order to search for the suspects concerned in Criminal Damage the remaining occupants ran out of the rear doors to the venue. The front shutter then opened and a WHITE FORD TRANSIT VEHICLE VRM CX52JPZ attempted to exit the premises. 06/06/2014	<p><u>1</u></p> <ul style="list-style-type: none"> <li>• <a href="#">Asbo Case</a> Progress Way! Asbo!</li> </ul> <p><u>1</u></p> <p><b>Asbo Case Progress Way: --</b> Progress Way: A month passed, and the date turned into the <b>06/06/2014.</b> my mother had been looking after my Nan as she was not too well at all, so my mother took my Nan from her own home to hers. My Nan stayed at my mums and lay in her bed and this seemed like it was to be her last days with us all, so regarding the <b>6th June 2014,</b> I did not attend at an occupied Warehouse at Progress Way, Enfield, as the police claim I did; I do not accept that I was present at this warehouse on that date. I prior stayed with friends in between my house and my mother's. In the following day off the. <b>07/06/2014</b> well after my Nan arrived at my mother's house, for her to live for a little while. I remember that the day had got arranged to be my cousin's leaving party, as he planned a worldwide holiday to go on. The leavening party got planned to take place at a Club and the day started with me in doors as normal, because of the threat of more police reapers ails, of the brutality that I get faced with. I had not been in contact with many of my friends for months prior to this date, due to the police and court bail conditions that I got placed under. Later in the day I travelled to my cousins leaving party when I received a phone call from a friend who said there was to be a party on and it got cancelled by police from taking place in Essex outside in open air. In continuing to speak to my friend; he explained that the private party got moved to a prior squatted building in Progress Way next to where I live. He asked me if I would attend and I said yes to his invitation, so regarding the <b>07th June 2014</b> at a Warehouse on Progress Way in Enfield; I had been having a family drink in the pub/hall with my cousin Dwayne Edwards his leaving party continued on from the <b>07/06/2014,</b> till the early hours on the <b>08/06/2014,</b> I also while on the phone to my friend agreed to drop a set of keys of, as this friend would be at the same location, I left the pub/hall to visit my friend who was living at Progress Way. Straight after I parked my van that I travelled in, along the Great Cambridge Road, in the petrol station. I crossed the Road and directly in front of me, was a fair amount of people, entering an alleyway. I accept that I also entered the alleyway with them leading me and found that this lead up to the gates of Progress Way as soon as I done this I got approached by members of the police and local council. A policeman asked me my name and my personal details, and I did not reply to him, the reason I did not answer his question is that I felt like I was getting entrapped by his line of questioning. He asked me to follow him back to where I had just come from, which was where my car got parked along the Great Cambridge Road, so I did what he asked of me to do, I felt straight away like the police officer, had made his mind up and therefore accused me of organising a so called rave to him, or to other people "a private party," to which I had not done, as soon as I finished being addressed by the governing officials, I then left them and waited in the petrol station across the road for my friend, this was so that I could give him his keys back. When speaking to my mate in the petrol station while waiting in my van I describe what had just developed. We continued chatting, and he asked me to hire out a power generator to the occupation, so I asked for my terms of hire to get signed and this happened. I then left and headed back home and waited for him to collect the equipment as agreed. The private party started on the <b>06th June 2013</b></p>

and had got prior arranged months in advance, while I was being detained under police house arrest, I never got to the first location and I now understand other information that I did not think, for instance; A police dispersal notice got issued to other persons in Essex when an inspector landed in his police helicopter; he also had news reporters with him. In checking for the newspaper articles, you can see another; person identifications and those people are not me. I never attended until the early hours of the **08th June 2013**, so, I did not get involved in organising any event at a Warehouse on Progress Way and for truth at no point did I cause any anti-social behaviour, as seems to get started by the police officers and not by any members of the public. Soon after I left and headed back home for this day to get added into the Anti-Social Behaviour Order, there is more about this case latter.

Information

On 25/05/2014 at 23:21 hrs. Police were called to UNIT 5 ST GEORGE'S INDUSTRIAL ESTATE WHITE HART LANE N17 by the security guard at the venue stating suspects; were on premises.

Police attended the venue and a large group of approx. 20 young males and females, between 18-35 years of age and of mixed origins ran out the rear of the industrial estate through an alleyway leading to THETFORD CLOSE N13. Several males were still inside the premises claiming to be squatters. The remote viewing CCTV at the venue was contacted and stated that the alarms had just been activated and it had footage of several suspects causing damage to the security cameras and door locks at the venue upon entering the premises.

After several minutes and upon hearing Police organising entry to the premises in order to search for the suspects concerned in Criminal Damage the remaining occupants ran out of the rear doors to the venue. The front shutter then opened and a WHITE FORD TRANSIT VEHICLE VRM CX52JPZ attempted to exit the premises. The driver an IC3 Male gave the particulars of Simon CORDELL DOB 26/01/1981 of 109 BURNCROFT AVENUE EN3. PNCID 97/99378V. CORDELL stated he had just attended the venue to give his friends some food as they were squatting. The rear of the TRANSIT VAN contained a set of large speakers and music equipment, but CORDELL insisted he used the equipment for festival work and was not setting up for a 'Rave'. CORDELL produced insurance documents but due to the day/hour officers were unable to verify details. CORDELL did not match the description of the IC1 Male suspects and was advised to leave the venue.

Security guards remained at the premises in order to secure them. Several young males and females continued to arrive at the venue dressed in 'suitable evening attire' for a: Rave and then promptly left upon seeing Police.

**1 Falcon Park, Neasden Lane; NW10: --**

On the

**20th June 2014**

it got alleged by members of the police that I got involved in the organisation of and/or supplied equipment for and/or attended an illegal rave at 1 Falcon Park, Neasden Lane, NW10. This is not accurate information as the truth is that I had got contacted by way of mobile phone by a client, and he asked me if I would hire a sound system out for a gentleman's, birthday party. After our conversation I agreed to do so, and a sound system and a van got hired out to that person and then later collected from outside of my home address. My terms and conditions got signed, and a deposit got given to me, by the client. Once the client left me, I continued with my day and then went back to my home. When at my home, I ended up receiving a phone call at 1:00 hours in the morning by the same client who said that the police were in attendance, and they were seizing the sound system. I remember getting up from what I had prior gotten occupied with and leaving my home address at around 1am hours, so to attend to the private party location, which took place indoors. Then soon after I arrived at the client's destination, at around the time of; 2:00 hours, I would claim that I took one hour and ten minutes to attend to, as I drove outside of the address that I had to be at so to park my car I can remember there being lots of different members of the police who were already present. When I approached to the address front door on my two feet, to which

address I got given by the client, the police were there blocking any persons entrance, so I spoke to the police officers and explained to them by circumstances, this meant that I showed them a copy of the higher invoice and a copy of my terms and conditions of hire, I got allowed entry by the police officers who were present to pack the sound system away and once I finished doing this, I asked to get released with the equipment, it then got explained that the equipment was to get confiscated. After a lengthy, debate, I had no option but to allow the police officers to seize the equipment, I got allowed to collect the sound system from the police at a later date, without being arrested or any charges being brought into motion. This meant; that I never returned the sound system to the same client ever again as he breached my terms and conditions and at no time did, I knowingly supply equipment for an illegal party. A few months' later this date got added to the Anti-Social Behaviour Order against me, even low I caused no problems.
