ENFIELD AMHP SERVICE

MHAA

Simon was assessed for further detention under S 3 in the quiet room on Dorset Ward with Dr Rao S12, Maggie Garrod AMHP, Larry Ryan Trainee AMHP, Lorraine Cordell, Mother, Jerome, Cousin.

Simon was polite and appropriate. At the outset it was noticed that Simon had a mobile phone in his hand and was asked if he was recording the assessment. I informed him that he would require our consent prior to recording. He claimed that he had a legal right to do this. I asked the other professionals present if they objected and they did not. I reinforced with Simon that consent has to be given.

Simon talked at length about his experiences of being victimised by the police when asked about reason for arrest. He reported injustices about forged statements, curfew being in place since 2014 which included any area apart from a residential areas. He admitted the police believed he had spat but denied doing this. There seemed no evidence of thought disorder. There was some pressure of speech which appeared to be linked to his anxiety that he could be detained under S3 and his need to give us as comprehensive version of his situation in the shortest possible time.

No ideas expressed of intention to self-harm ideas or of suicidality. Mother backed up all of his assertions about neighbours making noise. Cousin Jerome claimed to have heard the noises in the flat which he reported stopped once he considered the neighbours in flat above saw him leaving the property and he felt they stopped making noise from then.

Denied having any mental health issues but agreed to remain in hospital as an informal patient and would consider taking medication providing he is seen by a second opinion doctor. It is reported that a referral has been made for a Forensic Assessment by the Care Coordinator and this should be followed up.

Dr Rao did not make a recommendation for detainment under S3 as she did not feel the criteria was met as she was not in a position to refute the evidence that Simon gave. No evidence of Simon presenting a risk of harm/safety to himself or others, no obvious risk of neglect.

Conclusion

He does not accept that he has a mental illness but is willing to stay in hospital so that, in his own words, "Dr Greensides can get to know me better".

Simon will be willing to take medication if a doctor giving a second opinion can justify the need to him.

Simon was encouraged to cooperate with Dr Greenside and the community team when discharged.

Outcome

Simon is not detained under S3 but remains subject to the conditions of S2 until it's expiry unless Dr Greensides completed a S23 form to discharge him from section 2.
