Concerns: Psychological / Emotional

The neighbours are on the top floor are doing work. They are hammering and causing noise. This caused a dispute between the subject and the builders.

I have attended the subject's address to try and mediate between them to prevent further disputes. The subject went into a 15 minute rant about how he was under constant attack by everyone, and how he perceived the banging by the builder to be an assault against him.

The neighbour tried to come down and talk about when the work would finish but the subject started to shout at him. The subject stated that he has cameras set up all over his house and that he wanted the neighbour to come in and watch the footage of the aggressive hammering, when the neighbour declined, the subject started to shout about being mugged off.

The subject would benefit from a visit from social services. He appeared to be having issues with his mental health. There was nothing to suggest that he was in immediate danger, and he was within his dwelling.
