**Referral
Summary**

Referral received from HCRHT to followed up by ECRHT 27/08/16.
Assessment carried out by HCRHT. Simon presented as courteous and polite on approach. Explained to HCRHTT staff that he had been detained illegally and was placed in hospital without reason. Denied making threats to neighbours, denied any mental health problems. Explained that he had been put on medication and has remained concordant whilst on the ward despite not wanting to have medication, as he feels "I do not suffer with any mental health problems".

Circumstances leading to admission to Haringey Ward: Arrested at his home address after his mother raised concerns about his mental state - he was allegedly verbally threatening towards his neighbour and possibly neighbour's children. Simon's mother called police who arrested him. He was seen by the FME at Wood Green police station, referred for MHA.
History of paranoid thoughts regarding neighbour watching/listening to him.

First HV by ECRHTT 28/08/16.
Simon was adamant that the Tribunal (26/09/16) had discharged him from Section and is not willing to take medication anymore. Appeared slightly elated in mood, pressured speech.

M/R by Dr Akande 07/09/16.
Patient complained that the olanzapine was making him feel very tired. He appeared mentally stable in spite of his talkativeness which the Dr stated he later understood to be his normal self. Simon stated that professionals have misunderstood it as a symptom of a mental illness.

ECRHTT TPM 16/09/16.
Patient no-longer considered to be in acute crisis.

**Specific Risk /
Safeguarding
concerns and
specific
management
plans**

History of non-compliance with medication.

Risk to self: low
Risk to others: low
Risk from others: low
Disengagement: highly likely to disengage
Substance misuse: denied using drugs, cigarettes or alcohol

FORENSIC Hx: frequent contact with police from a young age. Simon reported that he has been to prison in the past. Subject to an ASBO due to playing loud music.

**Early Relapse
Indicators /
Management
Plan**

Aggression towards neighbour/neighbour's children. Increased paranoia regarding neighbour.

EIP to monitor mood/mental state.

Formulation

Reason for arrest
Mr Cordell has alleged to have contact a council worker and left a message on their phone stating he knows where the council worker lives, will kill him and his family and set fire to his house and was arrested for suspicious threats to kill.

Background
Mr Cordell under the care of Enfield early intervention team based at Lucas house and he use has a care coordinator called Goodie. Mr Cordell currently has diagnoses of unspecified non organic psychosis. He was admitted to St Ann's hospital under section 2 of the MHA in August 2016. He was discharged from hospital after 2 weeks of admission through the mental health tribunal. He has been prescribed anti psychosis medication but has refused to comply with his medication. Mr Cordell believes that he does not suffer from mental illness; he was discharge from services due to non-engagement. He is currently under Sliver street CMHT and he not been attending his last appointment.

Assessment in custody

I saw Mr Cordell in his cell this afternoon after he was referred to us . I last saw Mr Cordell at Edmonton police station 2016 two week after he was discharged from inpatient admission. At that time when I saw him, he was expressing some strange ideas about his neighbours are jealous of him been in a newspaper about him organising illegal parties. He also spoke lengthy about a website he built and people are using the website to advertise their business and to raise funds for charities. He has express conspiracy theories

about the police and authorities. His care coordinator at the time Goodie told me that Mr Cordell has always expresses conspiracy theories about the system including the police and the council.

Mr Cordell was pleasant on approach and he remembers seeing me previously which help to establish a rapport.

Appearance & behaviour:

Mr Cordell was appropriately dressed and his personal hygiene appears relatively good

Speech:

His speech appears slightly pressured and rapid, he was coherent and spontaneous, he was easily interrupted whilst talking. He has lots of ideas of some of his activities that he is involving like organising parties, setting up charities and helping people in the community.

Mood:

He rated his mood fluctuating, subjectively hyperactive from school. He denied feeling low or depressed.

Thought:

Mr Cordell has presented with paranoid and suspicious view about the police and the council working together to suppress him with an ASBO, preventing him to undertake his activities like parties on the park and other activities.

Perception:

Mr Cordell denied hearing voices or having delusional perceptions. However, he has some paranoid and conspiracy ideas about the police and council but these are not psychotically driven. Mr Cordell seems to have an paranoid personality which can led to overvalued ideas.

Insight: intact

To self: denied any thoughts or intentions of self

To others: Poses risk to authorities like the council staff due to the nature of his arrest, however, he does not pose any immediate to a members of the public.

Impression

Mr Cordell is a 36 years mixed race male with previous contact with mental health service but his engagement with service has been poor. He has a brief admission in 2016 but was discharged on tribunal two weeks after admission and has not been engaging since then. Mr Cordell has always presented with strange ideas and conspiracy theories about authorities. At the moment in time, Mr Cordell has not presented with any acute symptoms of psychosis that will warrant further assessment in custody under the MHA.

Mr Cordell has been interviewed by the police and he was for his outcome of the interview. Officer has issued his section 18 to searched his house as he admitted I the interview to have recorded his victims whilst he has been talking t them.

Concerns: Psychological / Emotional

The neighbours are on the top floor are doing work. They are hammering and causing noise. This caused a dispute between the subject and the builders.

I have attended the subject's address to try and mediate between them to prevent further disputes. The subject went into a 15 minute rant about how he was under constant attack by everyone, and how he perceived the banging by the builder to be an assault against him.

The neighbour tried to come down and talk about when the work would finish but the subject started to shout at him. The subject stated that he has cameras set up all over his house and that he wanted the neighbour to come in and watch the footage of the aggressive hammering, when the neighbour declined, the subject started to shout about being mugged off.

The subject would benefit from a visit from social services. He appeared to be having issues with his mental health. There was nothing to suggest that he was in immediate danger, and he was within his dwelling.

This has alarmed viw causing distress resulting in her calling the police.

Simon is known to suffer from mental health issues. He was arrested for threats to kill and breach of injunction.

*** YE PPD ***

This report was initially bragged as Green by the PPD. The Merlin was then assessed by Adult Social Worker Shannon Miles who states police research is not required as the subject is known to Social Care or the incident does not raise safeguarding concerns which warrants information sharing. If it becomes apparent research is required, Adult Social Care are to make contact with the PPD.

Adults

The Care Act 2014 states there is a duty to undertake the safeguarding of adults where a local authority has reasonable cause to suspect that an adult in its area has need of care and support, or is experiencing, or is at risk of, abuse or neglect, and is unable to protect himself or herself against the abuse or neglect or the risk of it. The need to safeguard and promote the welfare; along with protecting a vulnerable subject is paramount and I believe in keeping with the directions in the Care Act 2014, the health, safety and wellbeing of the subject outweighs the public interest risk of not sharing this information

IF NO CONSENT/UNABLE TO CONSENT:

~~~~~  
Because of the incident, I have considered the following;

1. The individuals need for care and support including mental health
2. The individuals vulnerability to abuse or neglect
3. The individuals ability to protect themselves, the impact on the individual and their wishes, and
4. The risk of repeated or increasingly serious acts involving children, this or another adult vulnerable to abuse or neglect.

The intelligence gathered has led me to the decision that I am over riding consent and share with Social care for their intervention or allocation.

Dear Clare,

Please see attached interim injunction order that the London Borough of Enfield obtained against a council housing tenant (Simon Cordell of 109 Burncroft Avenue) in January 18. We attended court on 30<sup>th</sup> May 18 as the matter was listed for the return date for the injunction and for an application for committal following incidents which we submit have breached the terms. At the hearing DJ Dias was concerned about Mr Cordell's mental health following submissions from his mother in his absence. Although we have no evidence that he does not have capacity the Judge wants to satisfy herself that there are no issues in him understanding the injunction and the proceedings. Therefore she has made an order (a draft of which is attached) including that:

***By 4pm on 13<sup>th</sup> June the Defendant shall undergo a medical assessment by the community mental health team at an appointment to be arranged of which the defendant (Simon Cordell) shall be given at least 24 hours' notice and a report shall be prepared in relation to the Defendant's capacity to litigate and capacity to understand the meaning of the interim injunction dated 9<sup>th</sup> January 18 and that report shall be filed at court and served on each party to the litigation.***

Apologies for the short timescale but could you please arrange for an appointment to be given to the defendant (Simon Cordell) as per the court order in order for these issues to be clarified.

It would also be useful for some clarification about if Mr Cordell has been known to mental health services previously including the history and assessments or any previous sections etc

Please let me know if you need any more detail or wish to discuss this further

We await your reply

Dear Kaunchita,

I write further to the hearing which took place at the Edmonton County Court on 30/05/2018. The Court ordered that Simon Cordell should undergo a medical assessment by the community legal team by no later than 13<sup>th</sup> June 2018. As a result of this order an appointment will need to be arranged and a report should be prepared and filed at Court by this deadline. The report shall deal with Mr Cordell's capacity to litigate and capacity to understand the meaning of the interim injunction dated 09/01/2018.

I will be therefore grateful if you could contact the Community Mental Health Unit and arrange for an appointment to be arranged urgently. Please note that at least 24 hours' notice need to be provided to Mr Cordell.

Finally I would be grateful you could contact Community Mental Health Unit and ask them whether Mr Cordell was sectioned under the Mental Health Act and if we could have copy of the relevant documentations.

Many thanks.

Subject: Mr S Cordell 37 yrs old

To the antisocial behaviour team at Enfield Council:

We have been trying to see Mr Cordell but he has not attended assessments offered although he has phoned the assessment team.

He is not currently receiving any mental health treatment and is not under any team.

He has had contact with various mental health teams in the (both child and adolescent and adult services) and seems (from the electronic record) to have had one brief admission on the Haringey assessment ward in August 2016.

It seems that the Court / solicitor (Ludmilla Iyavoo from the legal services team at Enfield Council) would like a report to assist the Court answering specific questions outlined in Ms Iyavoo's e mail.

I would suggest that such a report is commissioned from a Consultant Forensic Psychiatrist from North London Forensic Service (tel 020 8702 6004/6072)

forensic.referrals@nhs.net as this is not something we would provide

We will continue to endeavour to assess him and offer him any treatment he may need

Telephone call from Simon, long conversation, asking about his appointment he has been offered for next week, who made the referral and why. Same discussed and remembers that the had already spoken with Iain Williams. Difficult to follow his conversation and to interrupt. Says he has been on a 10pm curfew for the past 9 years afraid to leave his house as he feels the police have set this up. Mistaken identity, reports he has read all give descriptions of different people, 4 in total, not him. All happened because of a party on Lincoln Road, he was not involved but happened because people were disturbed by the noise. Because of the curfew says he lost his relationship with his first love has or had a second girlfriend. Said he has been dialling 999 they get 15,000 calls per day, their time is going backwards on their records and do not have a RUN number.

Says he does not have a mental illness no previous contact with services has been good. Sectioned in the past human rights broken, people coming into his house, says he was giving them access. Has tape recordings and linkedin, facebook pages of all involved, has set up a web page. Discussed that they reason I had contacted him was to offer an appointment next Tuesday 11am, asking why we are coming, offered to see at Lucas House instead he declined this says prefers to be seen at home. Asked why I am not treating with dignity ad respect that he has told me all about my colleagues and their treatment of him and I have not apologised to him and investigating. Discussed that he has the right to compliant which he says he already has and knows how to make a complaint. reported that he was taping our conversation and was making a digital copy which he has made of most interactions with people. He agreed to a home visit next week. The home visit is with EIS Amal Pumphrey.

Telephone call from Simon's mother Lorraine Cordell. Sounded tearful on the phone, reported that she has spoken with Simon and he told her that we went to see him today, myself and Amal. Said that he told her that the appointment went well and that we had told him there is nothing mentally wrong with him, that he does not need psychiatric services and is well. Says she is finding it distressing, very worried about her son as she believes, and everyone else can see that her son is ill. Said he is struggling to cope, not leaving the house, feels persecuted by his neighbours. Not managing the court case well. Believes that the has lost trust in services and feels he needs to build trust with professionals again.

Reported that when she was in court the information that was given was that her son had PTSD and was discharged form services, believes it was inaccurate and did not know where the information came from, thought perhaps it was Iain Williams as he had around the same time called to speak to Simon about his referral.

Discussed that we would need Simons consent to discuss his case. Reported that her mother suffered with schizophrenia and she has a lot of experience around people who have mental

illness not believing they have a mental health problem and don't require treatment. Says she is happy to encourage her son to engage with services as far as possible.

Home visit today as arranged with Amal Pomphrey from EIS. Client previously under EIS from 2015 discharged in January this year, difficult to engage. History well known so not repeated.

Simon was friendly and welcoming into his home. Put his pet dog out side in the garden, visible through patio doors. Dog appeared in good health though Simon reported that his dog is stressed about his neighbours the police and mental health services to the point it has chewed some of the fur off his front paws.

Simon stood for sometime keen to talk about the evidence he has gathered against the police, and local authority, has taped and logged everything on a website. Showed his website says not live as yet, all he has to do is click a button and it will show how he has been unfairly treated by the local authority and police. Website and all written video and audio recordings linked. Showed a couple of examples CCTV inside his flat, conversation with ASBO team and written documents. Also showed us paper files that he has maintained in large ring binders, containing copies of e-mails and all correspondence. Informed us that he tapes all conversations he has with health, local authority and police staff. Has CCTV cameras placed internally and externally around his flat.

Spoke of how his issues began many years ago trouble with the police over holding illegal parties. Reported that he is currently not going out feels afraid. No restrictions placed on him regarding going out other than not allowed in Industrial areas or 24 hour venues such as MacDonalds or Tescos. Reported recently in court with regards to his neighbour, representing himself does not feel he needs a solicitor. Recommendation is that he has an assessment with a psychiatrist. However said he will not attend as the letter has not been properly dated and stamped and therefore believes he is not bound by it.

Mental state:

Simon was casually dressed, his hygiene appeared fair. He maintained good eye contact and rapport. His speech appeared slightly pressured difficult to interrupt but not irritable when interrupted.

Grandiose ideas around his intelligence, says he is a millionaire properties from wealthy relatives who have deceased, successful businesses, earning hundreds and thousands of pounds. Paranoid about his neighbours, believes they and others have spread information that he may have had herpes. Paranoid delusions believes his neighbours are deliberately following him from room to room banging on his ceiling. Believes they want to kill him. Though he did not express any thoughts of wanting to harm anyone. Believes he is being paid to look after vulnerable people in poor situations.

Appears to be a mood element to his condition pressured speech grandiose, tangential jumping from topic to topic. However reported that at times his mood can be depressed and upset by his neighbours. On one occasion he drank some liquid in an attempt to poison himself, found by mother and taken to A&E discharged. Denied having any current suicidal ideation or thought to harm himself.

There was no evidence of any hallucinations. Personality appears to be intact.

Simon appears to lack insight, asked if he believes he has a mental health condition denied this said he has never taken medication as he does not believe he has any mental health problem to require medication.

Impression:

37 year old male appears to have had a difficult childhood spoke about scars on his legs from beatings from his father. Wants to protect children, and vulnerable people believes it is his duty. 2015 diagnosed with psychotic illness and referred to EIS does not appear to have engaged with treatment offered. previously prescribed Olanzapine. Does not appear to require crisis team or mental health act assessment at this time. But would benefit from assertive follow up in the community. EIS state that has gone beyond EIS three year treatment period.

Plan therefore to refer to North Locality Team Locality Team. E-mail sent.

EIS agree to liaise and advise court regarding the request for a report.

Closed to EIS.

Though he did not express any thoughts of wanting to harm anyone. Believes he is being paid to look after vulnerable people in poor situations.

Appears to be a mood element to his condition pressured speech grandiose, tangential jumping from topic to topic. However reported that at times his mood can be depressed and upset by his neighbours. On one occasion he drank some liquid in an attempt to poison himself, found by mother and taken to A&E discharged. Denied having any current suicidal ideation or thought to harm himself.

There was no evidence of any hallucinations. Personality appears to be intact.

Simon appears to lack insight, asked if he believes he has a mental health condition denied this said he has never taken medication as he does not believe he has any mental health problem to require medication.

Impression:

37 year old male appears to have had a difficult childhood spoke about scars on his legs from beatings from his father. Wants to protect children, and vulnerable people believes it is his duty. 2015 diagnosed with psychotic illness and referred to EIS does not appear to have engaged with treatment offered. previously prescribed Olanzapine. Does not appear to require crisis team or mental health act assessment at this time. But would benefit from assertive follow up in the community. EIS state that has gone beyond EIS three year treatment period.

Plan therefore to refer to North Locality Team Locality Team. E-mail sent.

EIS agree to liaise and advise court regarding the request for a report.

Closed to EIS.

Dear Mr Clark,

I am a solicitor for the London Borough of Enfield. I understand that Mr Cordell was contacted by the Community Mental Health Team. I was advised by Dr Scurlock on 15th June 2018 that Mr Cordell did not attend the assessments he was offered. Can you please confirm whether this is the position?

However if he did attend, may I please have the outcome of the assessment? The matter is listed in court tomorrow and your urgent response will be appreciated.

I look forward to hearing from you.

We offered him an assessment to establish if he had a current mental health problem that we could offer treatment for

Our offer to assess him was not connected to any legal matters

It might assist the Court to have an assessment from a specialist Forensic Psychiatrist who are experts in mentally disordered offenders and risk assessment and management

Best wishes

Dear Dr Scurlock,

I am the solicitor in conduct of a claim for an injunction against Mr Cordell and write in response to your email to Kaunchita Maudhub on 15th June 2018.

I would need further clarification on the content of your email and hope you will be able to respond as soon as possible as a hearing has been listed on Tuesday 26th June 2018.

1) You explained that you have been trying to see Mr Cordell but he has not attended the assessments offered to him although he has phoned the assessment team.

Can you please confirm the dates of the assessments offered to Mr Cordell and details of the conversations that were held?

2) You mentioned that he had contact with various mental health teams and had one brief admission on the Haringey assessment ward in August 2016.

Will it be possible to have details of the contacts held and the assessment that was carried out. If possible we would like a detailed history of the contacts/ admissions so we could provide the information to the Court.

3) You suggested that a report is to be commissioned from a Consultant Forensic Psychiatrist from North London Forensic Service as this is not something you would provide.

Can you please confirm what would the report achieve? If this is not a service you could provide, why did you department contact Mr Cordell and offered him an assessment in the first place?

I look forward to hearing from you.
