

Doctor: So, who gave you the authority to do such a thing?

Simon: Who gave me the authority?

Simon: Who gave me the authority if I own my own building its up to me if I want to sponsor it, if I wanted to sponsor you some think I got the right to sponsor it if I own it its up to me.

Simon: I own my own website I built the code behind my own website.

Doctor xx: No sorry I am just asking you how you can delusion that you can represent the residents of the whole United Kingdom.

Simon: What it does what you can do yes this is the form that you can have I am going to show you quickly now yes what you have to do is have to fill out this form here, now what I am doing is letting six other people help manage my company now normally you would have them six people defined in one area which would be just this area but because I got the internet and I am governing the internet I can have six separate directors one for this borough one for this estate one up in south then one there and that means that there all managers in different areas so that does make it so that I have a constitutions and defined what sections I want, because I am not governing just one building like the old community halls used to do I have done the whole of the United Kingdom.

Simon: So now I got six people that are all directors that will all have access to a section of my business directory now what they have is they have the power to give the rest of the residents on the estates a login now they can all long in and it has a face book link and the rest and they can click on that to the Donor cause to be a Donor to any cause selected so one person say there is 33 boroughs in the surrounding areas I would have 6 of the boroughs that are company directors yes so this will be one my mum would hopefully be one I would be one for this estates and there would be another one for another area and another one for another area and they will all have logins.

Sam: So, it is a way of expanding your business.

Simon: No, it's not a way of expanding my business what it does is expand a business in the community, not for myself. because what I do is give this to beneficial which is the commissioner of charity's for England and Wales, this is who I am writing this to now asking him or her and showing them this is my proposal to you this is what I built and this is how I want to help people and with this I will be one of the first people to govern the internet and I am going to sponsor my business directory to the people and that is how I move on.

Doctor: And then what is the benefit of this business of the people.

Simon: I will show you what they can do this is coming along and they can add a business card to a business card directory so that they can show other people their business new starting business and existing company profiles.
