 ECRHT:

Several T/Cs today - My plan was to invite him to pick his medication up at CFH because there is a risk issue with female staff.

Simon did not answer his phone.

**Plan:-****Try again tomorrow**

**ECRHTT**

TC prior to visiting , no reply. Message left for him that I am coming to visit and will also give him his TTA's.

Arrived at him home address but still unable to get through to him. Need a code to enter the building. As I was again calling him, I saw a car who stopped and a guy came out asking me if I am a Doctor and whether I have come to no:109. Before I could reply he told me he is the person at 109. He was dressed in black suit and tie. A female driver stayed in the car. He approached me and told me he does not need to be seen by the HTT because " I am not crazy." He also added that he also won his Tribunal and only agreed to be seen by us briefly. He went on saying Dr has been prescribing him medication that he never took and the Dr claimed that he is doing well on it when in fact he is not taking any medication. " I don't need it. I am ok without the medication."Therefore refused the TTA's and requested no more visits from us and that he will call us if he needs our help.

**Plan:****To discuss in next TPM and to discharge him back to GP or his local CMHT.**

I spoke to Simon on the phone a few days ago. He called to say that his solicitor has talked to him about a psychiatric assessment re: fitness to appear in court. Simon said he has had numerous assessments, but I pointed out this one would be specific and current regarding fitness to appear rather than some of the other assessments such as for section or general mental health.

He explained that he is currently preparing for a court hearing but when this is completed he would like some help to look at training/courses to support his career ambitions. Simon said he will call in the next few weeks once the court hearing is over and we can arrange to meet to talk about what support he would like. Although Simon spoke quite quickly on a number of subjects, with a slight preoccupation of past assessments and contact with the police, the content did not appear odd or delusional
