ECRHTT

Home visit carried out this morning following T/C.

No significant change from his previous presentation.

Reported he is not mentally sick and he has not been taken any medication.

He said when he was on the ward, he hide it underneath his tongue and pretends taken it.

He said he appreciates HTT efforts but we are not supporting him in the way he wants.

When asked in what way? He said the way he was treated during the MHA and false statements in various reports about him including police reports.

He said HTT begins to lack there responsibility as in duty of care to him.

I explained to him the role of CRHTT. He said he agrees but at the same time there are more to the role.

After spending 40mins, reading part of his notes, he said he will appreciate if I can amend it on RIO.

I explained to him my own job role is to monitor mental state and risk but not to amend any legal documents on RIO.

He said he will soon stop CRHTT not to visit him again since nothing tangible regarding his court case.

Appeared settled but still elated in mood and over talkative.

No thoughts of self-neglects elicited during the visit.

No evidence of psychosis extract during the visit.

Plan

No role for CRHTT

To discuss about his discharge.

Pt. has care coordinator (Goodie) well known to Simon
