

Enfield Crisis Resolution and Home Treatment Team

Bank Staff Member

Simon did not answer his mobile phone and I could not get access to his flat.

Plan

Next contact tomorrow.

Spoke to Simon to arrange a visit this evening.

He said he would like to have EOD visits and has enquired about the reduction in medication. I said I would speak with the doctor on return to the office to get an update.

Have spoken with Dr Imo who said to give him a call and let him know that once it has been agreed in a reduction we will contact Simon and let him know.

Plan:

HV: 09.09.16 PM - monitor mental state.

ECRHT:

T/C - Simon informed me that Dr had told him he could self-medicate from now on. Dr's RiO entry did not explicitly say this although stated that he appeared stable at present, so benefit of doubt given.

Simon he said he was reluctant to take meds because he does not feel he needs it and because he has been experiencing side effects - feeling of electric shocks going through his head. He talked at length about his issues with mental health services and asked lots of questions about how things operate. Also asked me if there was anything negative written about him in his progress notes. Sounded very knowledgeable about mental health services, diagnoses and mental health law.

Eventually, he agreed to see me to be given the TTAs.

Home visit this evening - was pleasant although slightly over-familiar with me - asked me personal questions such as if I am single and asked for my phone number. Speech was slightly tangential although normal rate, tone and volume, interruptable.

TTAs delivered - 21 tablets of Olanzapine 5mg

Plan:-

Dr Imo to discuss reduction of meds with care-co

Arrange transfer of care
