

Attended Haringey Ward to carryout mental health assessment Marko & Amelia

Attended Haringey ward to meet with Simon, Simon presented as courteous and polite on approach. Explained to staff that he had been detained illegally and was placed in hospital for no reasons. Denied making any threats to neighbours, denied any mental health problems. Explained that he had been put on medication and has remained concordant whilst on the ward despite not really wanting to have medication, as he feels "I do not suffer with any mental health problems". He explained that "I will continue to take medication, but I need to speak to my Dr as I find it makes me drowsy and I'm not able to function properly".

Simon informed HTT that he had attended Tribunal and was not found detainable under the MHA and was made informal so he was able to leave the ward, as he was an informal patient. He also informed the HTT that he needed to get out of hospital and continue to set up his business venture that he had been working on for several months, to which was to organise festival and venues all over the UK.

I explained although he was found to be informal, one of the recommendations from the tribunal was to continue working with the mental health service and remain concordant with his prescribed medication. I explained that this maybe for a short period of time, normally lasting up too about 7-10days.

Simon was in agreement to meet with the HTT, but informed staff that he takes his medication late at night and would not be happy to take it early evening. I informed him that it was important to concord with medication and part of this care package was to monitor and supervise him taking medication. Simon continued to decline having his medication between 6pm-8pm but was happy to meet with HTT to MMS and check concordance with medication.

It was agreed that ward will hand over his TTA'S for the next 3 days; ECRHTT will be able to prescribe on-going medication thereafter. Prescription chart will be up-loaded on Rio.

Denied any thoughts of wanting to harm him-self or others.

Denied hallucinations, not responding to unseen stimuli.

Risk of non concordance with prescribed medication and non-engagement with HTT, however Simon has agreed to meet with HTT during the evenings and negotiate times to meet thereafter to MMS.

PLAN

ECRHTT to meet for H/V 28/8/16 PM to MMS and check concordance with prescribed medication.

Simon will be given 3 days' supply of TTA's. ECRHTT to prescribe thereafter.

HCRHTT to liaise with ECRHTT.
