#### Incident of 15 March 2018

On Thursday, 15th March 2018, my wife and I took our 3-year-old daughter to school and as we came out of the block, we saw the Defendant standing outside the main entrance to Block 109-117 Burncroft Avenue. As we walked towards my car, the Defendant followed us swearing and shouting abuse at us. I could not remember the Defendant's exact words but there were lots of swearing words like 'fucking family, fucking bastards' and lots of 'bad words'. As we got in his car, the Defendant walked back towards the block. As I went to drive out, I saw the Defendant standing by the main door to the block and videoing me and my family with his mobile phone and swearing and shouting abuse at us. I got out of his car, brought out my mobile phone and started to video the Defendant who continued swearing. I stopped videoing Mr Cordell and turned to get back inside my car but the Defendant pushed me to the ground from behind. The Defendant sat on top of me and started to punch me on the face and repeatedly banged my head on the ground. After a while, I managed to push him off.

6. I then went to my car to get something to defend myself and picked a piece of metal from my boot but I decided against using it, the Defendant rushed at me again and punched me in the face and I fell backwards to the ground. The Defendant then sat on my chest and started to punch me repeatedly on the face. By this time, my wife and daughter were crying and my wife was screaming for neighbours to help but nobody came out. My wife tried to pull Mr Cordell off him as I was not able to defend myself but she could not. She then grabbed the piece of metal from my boot and hit the Defendant with it as self- defence to stop him. Some neighbours come out of their flat after a while and the Defendant got off me and went into his flat. By then I was bleeding profusely on my lips and forehead and both my wife and I called the police and ambulance service.

- The Defendant's mother Lorraine Cordell turned up as I was being attended to inside the ambulance and started to shout abuse at my wife and accused her of attacking her son.
- 8. The police took my mobile phone and my daughter's scooter that was inside my boot. The ambulance officers advised me to go to the dentist immediately to have my teeth attended to as two of my front tooth was broken and another two were wobbly. The ambulance carried out an assessment of my injuries. A written report of my injuries can be seen in **exhibit MM1**.
- 9. The police phoned me as I was driving to the dentist and asked me to return to the estate. I was then arrested for assaulting the D even though I never assaulted him but all I kept on doing was to defend myself. I was held in a cell overnight and bailed the next day.
- 10. As a result of the assault, I had to have 3 teeth removed and replaced with dentures. A written report from my dentist can be seen in **exhibit MM2**.
- 11. The Defendant was also arrested, interviewed on the same day but released. I don't understand how this could have happened, while I being a victim of his assault was kept in a cell overnight. The Anti-social behaviour team made enquiries to find out why the D. was not charged with breaching the terms of the injunction order and they were told that no charges were made on the basis that I had apparently provoked the Defendant. This is untrue as all I did on the day was to ignore him to take my daughter to school.

#### Incident 01 March 2018

- 12. My wife was inside the bathroom giving our daughter a shower while my cousin was in the living room, I was at work. At about 11am, the Defendant came to our front door and started rattling the letterbox and knocking loudly on the door. My wife went to the door and asked who it was and the Defendant replied 'why are you shouting'. My wife told him that she was not shouting and that she was inside her bathroom giving our daughter a shower. She asked him why he came to her front door, that he was not allowed to be there but the Defendant ignored her and continued to bang and kick on the door. This went on for about 5 to 10 minutes and caused a great deal of distress to my wife and daughter and made them scared for their safety. My daughter started crying because of the commotion and loud banging. The Defendant left after my wife asked his cousin to call the police.
- 13. We telephoned the police on 101 to report the incident and was asked to go and make a statement at Edmonton police station. I did so in the morning of Tuesday 06 March 2018.

#### Incident 26/02/2018

14.1 returned from work at 11:30pm and went to the kitchen to get something to eat; my wife and daughter were already asleep. At about 11:45pm, while I was in the kitchen, I heard loud banging noises on his front door and rattling noises on his letterbox. I thought that my cousin had returned from work and was knocking on the door to be let in, I went to the door and spoke in my language but there was no response. I then opened the door and saw the Defendant standing outside of my front door. As soon as the

Defendant saw me, he ran away. The matter was referred to the police but no actions took place.

- 15. I requested to be moved out of the estate as that they and their 3-year-old are afraid to stay there. My wife and daughter have been left terrified, as confirmed by a written letter from my GP Dr Swedan as seen in **exhibit MM3**.
- 16. I contacted my local authority the London Borough of Waltham Forest and asked that I be rehoused somewhere else, they are trying to find me a suitable alternative temporary accommodation but the process is taking long.
- 17.1 would therefore ask the Court to consider the application in light of the recent incidents and to commit the Defendant to an arrest.

Dated this 2- day of April 2018

I would be grateful for your urgent help and support for this family. The above named lady lives with her husband and 3-year-old girl and they have been subject to from problems from the next door neighbour and her husband was assaulted and had to call an ambulance. They are terrified and especially the young girl and she is crying. Mrs Mathiyalagan suffers from hypertension. She is on treatment. Her husband also suffers from high blood pressure and he is diabetic.
