

Matching both the above cases against the matrix below, both applicants have a high priority for sheltered housing.

If a home became available for which they were both suitable, they would be prioritised by first looking at existing housing-related support needs in the sheltered scheme(s) they had expressed a preference for and a decision made on whether their housing-related support needs could be catered for. If they could, then in the example of prioritising these two applicants for a sheltered home, Mr Y's circumstances would be given priority because his housing supported needs are higher than Mr X's.
