

**14th December 2016:**

Would it please be possible to get a time frame for this, also on what date and time it was reported to the Enfield council and log of it being entered into the database?

**23rd December 201:**

Would it please be possible to get a time frame for this, also on what date and time it was reported to the Enfield council and log of it being entered into the database?

I believe if this really did happened and the person was left with no electric to there flat they would have had to call an electrical contractor to fix this so should have the information regarding this. I do not think they would leave themselves with no electricity to there flat so would have tried to sort this right away. So should have the date and time frame for this and electrical contractor details.

Please also see the comments above July 2016
