Our event is a conference of young talented artists throughout London, a chance to showcase their talent in arts, crafts, dancing or singing. To show that positivity & productivity are key elements in life, something that we can all achieve!

This event is a community event that is a fundraiser for Enfield Children & Youth Services, our aim is to raise awareness & education within the community. We organise various social & fundraising events both in the UK & Overseas, with a 100% success rate.

We have so many young and talented people in our community, people who deserve an opportunity to have the support of their community. If we can help one child or young person to have a better outlook or understanding of life, then we have achieved our goal.

We have the following protocols in place for any event that we organise
