Dear Ms Andrea Clemons

Would it please be possible to get a contract number for you so I can call you regarding your letter to the MP relating to Simon Cordell dated 07/11/2018.

I also want Mr Lemmy Nwabuisi the Anti-Social Behaviour Coordinator taken of my son's case and have nothing else to do with my son or investigate any other matters which relate to my son forthwith, I do not believe he has investigated any matters how his job is meant to have been done and has failed in his duty of care towards my son, and has passed information that is incorrect to other bodies, and used information that is incorrect against my son with only one side being heard. Information has also been used in courts that are incorrect time and time again.

I should also state how is Mr Lemmy Nwabuisi still even allowed to have anything to do with my son, after Mr Lemmy Nwabuisi had my son arrested on the 09/01/2018, I have asked this before, even my son's solicitors could not understand why he has still be allowed to investigate anything relating to my son.

I look forward to hearing from you regarding the above matters.

Regards

Lorraine Cordell
