Dear Christine Devaney

I am writing in regards the SAR that was requested and received on the 25/01/2019, it seems there is a lot of information that was requested that is missing,

It also seems you have been limited with the data that has been supplied which is held on the RIO system as there has been limited data and dates inputted,

- **Date Range Criteria = Care provision time,**
- **Start Date = 12 October 2018 13: 50, End Date = 4 December 2018,**

May I ask why so much data is missing which was requested from the RIO system, the request that was submitted asked for all data?

May I also ask why so much data is missing from the main file bundle and why so many emails and attachments are missing?

When the request for my data was submitted we asked for all data from all systems and this does not seem to have been done and there is limited data that has been sent.

Could you please get back to me regarding this, and supply all data that you hold on me.

Regards

Simon Cordell
