

the ICO has we have not been told a timeframe this will take.

At this time there is also complaint still ongoing with The Appellant and the police and The Appellant brother with the police. It is also noticed that some of the police in this application who have done statements in this ASBO have complaint still standing against them, with The Appellant brother complaint.

But until we get all the data we have requested there could be more police officers in this ASBO application who have had complaints put in about them.

There will also be a complaint regarding the DPS who investigated The Appellant complaint due to the fact they did not follow their own codes, when this complaint was passed the IPCC they upheld The Appellant Appeal to the IPCC and the complaint has had to be reinvestigated, due to what the DPS allowed to happen, and allowed the police officer to resign. Before allowing The Appellant rights to take his complaint to the IPCC for Appeal before seeing the report and allowing a misconduct hearing to happen, before The Appellant had his right to appeal and the IPCC and they left a large section out in the investigation which pointed to discourtesy by the police.

Still not completed I still got sections to add about ASBO application and no disclosure and some other sections. And some laws.

This is how a JR has to be written up. They will have all the ASBO application bundles sent to the high court also so will be able to see the whole case as I need to also point out that we can not do everything in this due to allowing the police to have the full extent as to what is wrong within the application for the ASBO that should have been able to use at the appeal hearing. As we don't want the police to be able to try and correct the things that are wrong.

If you want to edit any of this then please do so really carefully and in a next colour and you have to keep this format don't change it as it has to be sent to the high court in this formation, I know you are not going to like some of what I have written but if you want to win this case at JR you have to put things you don't like to hear or feel you don't have a problem. The judges have to see your human rights have been fully fuked over from start to end of these court cases. And showing things you don't like will help that.

you can at your own write up as well
