

I am writing this complaint about the 14/10/2013 when I was going to a meeting with an owner of a night club for a future job position the meeting was set for 14.00 hours at Brixton Hill SW2 1QZ.

When I got to Brixton Hill SW2 1QZ there were some police on the road side doing some stops of cars etc, I drove pass them and parked up just in front of them.

My friend who was with me got out of my van and went to buy some drinks and food while I waited in the van.

Then next thing a police officer come to my van and said to me he wanted to do some checks on my van I asked him the reason for this the police officer replied under the road traffic act he also asked me the reason why I had stopped there as I was passing him my insurance documents.

I explained to him I had a meeting in the night club that we were outside, as it was due to open to the public in 1 month time to secure my future position there. While I was there I was also planning on asking if there were any painting jobs, I explained all this to the police officer I was talking to.

The police officer made a call to my insurance company and he then replied to me they are saying that I was not insured, at this I was very shocked and started to make a call to my Mother to ask her to call my insurance company to speak about why they was saying I was not insurance. She in fact talked to a person called Martin who took Simons Number and said he would call him. Martin did call and I explained to him what was going on and he told me I was insured and also talked to the police office and told him that I was insured. The police talked on the phone more then once and was told I was in fact insured to drive my van.

The police officer was still not happy and now told me that I was using my Van for work which I told him that was not the case and that I was here for a meeting, I told the police officer to look in my van and see if there were any working tools inside it. The police officer saw this was not the case as the van was empty.

By this time a next police officer had come to the other police officer and I started to talk to him I explained what was going on and what the other officer was saying that I was using my Van to work in, which was not the case and I told him also to look in the van and see if there were any working tools in there. I even showed him a business card I had got made up to give out to people in the hope of work. Which the police officer put in his own wallet to keep for himself.

At this the other officer over heard me and the other officer talking about the business card and then used this to say that I had in fact been working and this is why he was going to seize my van. I told him that where is the print bushes and print in my van as this is what was on the business card it was a printers business card. The officer then said why have you got paint of your jeans I told him that I did not have money to buy new jeans and that was why I was looking for work to try and better myself. I also told the office to go into the property where I was due to go for a meeting, and ask them if I was working there. He refused to do this. I still feel as if there is a big issue here I am allowed to drive to a meeting and park there as long as I am not carrying goods for a company which I was not and that could clearly be seen my van was empty so how anyone can think I am doing anything wrong is beyond me.

The police officer did not want to hear anything I had to say and was looking for any reason from the start to arrest me or seize my van this was his aim from the start.

It did not matter that the insurance company told him I was insured, the only thing I would not be insured for were if I was to use my van as a tool for carriage of goods for any company which was clearly not the case as my van was empty.
