

doctors who assessed Mr Cordell found him “hypomanic, with flight of speech, grandiose and thought disordered”

## **Forensic history**

Nil known.

## **Risk History**

According to the Risk Assessment on RIO notes Mr Cordell had expressed suicidal thoughts in the past. This was related to stress from court cases. The date is not stated in the Risk Assessment. Around that time he said that he had researched ways of harming himself (poisoning, OD, hanging). He had said in the past that he tried to hang himself aged 16 when he was in a young offender’s institute. He had said that he needed resuscitation. He tried to hang himself a second time after he was sentenced by a judge aged 20. He had said that he drank Nitrous Oxide in 2014 with intent to die.

According to his Risk Assessment he was regularly a victim or witness of his father’s violent behaviour.

There are recent reports from the Council regarding alleged aggressive behaviours towards other residents. In June 2018 he was apparently involved in court case with the neighbours who he apparently threatened to harm.
