And one that was printed on 9 September 2014 a paper saying The MAN building, in Crown Road, on the junction with Southbury Road, Enfield, has also been used for illegal raves and parties in the last few months which these words would say the events was going on much later than June 2014 that you have given in the FOI request.

I still also can not understand why an abatement notice order was not put in place due to the amount of events that took place there. I do understand on the days of the events it could be classed as unsafe due to the amount of people, but this site was being squatted and there would have been far less people there during the weeks when these events were not going on. And can not understand why an abatement notice order was not put in place during the time when these events were not going on.

On the 6th 07th and 08th June 2014 the council were aware an event was ongoing at Crown Road.

On the 6th 07th and 08th June 2014 the council were aware an event was ongoing at Progress way.

On the 08th June the council attended with police to Progress Way to serve paper work this was not served to any persons within the site of Progress Way.

But if you were with police, which your team was why was paper work not tried to be served at Crown Road site also as your team was aware off an event also going on there.

Dear Ms. Cordell,

In terms of the number of events there was one further rave that took place on 25th March 2013 at Progress Way, other than this occurrence I have provided you with the dates and locations of all the illegal raves/parties that are recorded on our database as well as all other data we hold that you requested. The rave on March 25th 2013 was attended by the Out of Hours Noise Team, assistance was requested from the police but they were unable to help on that occasion.

The events at Crown Road were over a period of several weeks not months, during which time we were in regular contact with the new site owners who worked to get the site secured and the power turned off. The Out of Hours Noise Team undertook observations of the noise during
