

Members of the local police force soon after arrived and were talking to people at the gate, so I decided to take a nosy wonder over to see everything going on at that time.

It meant to me, that in me doings so, I noticed that the police officers accepted that the occupants had placed LASPO notices on the premises and were treating as their home even low this got accepted the police officers still got given entry to the premises as an equal to other occupiers.

In this being granted they took the opportunity and forcibly kicked every person out of their home.

The sound system then got ordered to get removed or would get seized by the attending police officers.

I had got invited as a visitor but still understand that the sound system had to then be moved at the request of police, so I aided in their help, the true owners of the PA equipment were the occupier's friends and I did not have any hand in this and as a continuation of events I went home.

On this day I did not own any of the sound equipment, and I did not rent or lend any sound equipment to anyone in respect of this occasion or take part in the organisation of anything other than going to see some friends.

I did not cause any acts of Anti Social Behaviour on the 27th July 2014 as the police latter stated that I did.
