

Within the police report it states the police had been given intelligence that a rave was due to take place, why is this intelligence not within the application.

The police report also states there was a large stack of speakers being powered by the claimant's van, I do not understand how this is possible the voltage for a sound system would be 240 V the voltage on a van is only 12 V this would make it impossible for a van to power a sound system.

It would also be of concern that when police was writing these reports they were together (please see URN above). At this point the police would have known the antisocial behaviour order application was going to be submitted and anything that was being added would go well with there case (True or untrue).

09/08/2014 to 10/08/2014 Millmarsh Lane Enfield:

On this date the claimant is being accused of organising and or supplying equipment at Millmarsh Lane Enfield, the claimant disputes this, the claimant was not involved in the organisation of any rave and did not supply equipment, police state this event was run by Every Decibel Matters, the claimant can confirm that he is not an employee of this organisation or a shareholder or a director and he has no controlling interest in the company. Information was supplied within the application by the director of Every Decibel Matters that confirms this.

On this date I had gone to see the people that was homeless that was living in Millmarsh Lane Enfield, the police was well aware that homeless people was living in this location in premises from weeks earlier.

As stated before I have done a lot of research, it seems every decibel matters had police turn up at their addresses stating they would be arrested if they carried on with this event, the event location was meant to have been in Harrow, every decibel matters state on the date of the event they were in Harrow and police sent helicopters all day looking for them, they had no option but to relocate I believe this is when they relocated to Millmarsh Lane, the claimant had no knowledge of this and was never in Harrow, and knew nothing regarding this being relocated to Millmarsh Lane.

The officer in charge of the application Steve Elsmore has stated in one of his updated statements that the claimant knew Mr Moses Howe, and that he has been stopped by police with Mr Moses Howe once in the claimant's vehicle 2011.

The claimant does not dispute he does have knowledge of Mr Moses Howe, Mr Moses Howe is a sound engineer, in 2011 the claimant had been offered the management position at Club Juice in Green Street Enfield, the claimant would as part of his job role be organising events for Club Juice this would have included the claimant's sound system being within the venue. Due to the claimant in 2011 not having much knowledge of all the complicated knowledge needed setting up the sound system he asked people he knew if they knew a sound engineer, Mr Moses Howe name was given, the claimant and Mr Moses Howe agreed to meet and go to the venue check what would be needed in regards to equipment, and it was agreed that if it took off Mr Moses Howe would be the sound engineer for club juice. When the police pulled the claimant and Mr Moses Howe was in the vehicle they were on their way to Club Juice, they was due to set the sound system up in order to allow testing
