

## Section 3

# Our responsibilities

### 3.1 Repairs and maintenance

We will keep in good repair the structure and outside of your property, including drains, gutters and external pipes. This will not apply if the damage is caused deliberately or through misuse of the property by you, your household or visitors.

We will keep in good repair and proper working order the installations in the property for the supply of water, gas, electricity, sanitation, heating and hot water. This will not apply if the damage is caused deliberately or through misuse of the installations by you, your household or visitors.

Our responsibility for repairing the internal structure of your property and the above installations only begins when we are told that a repair is needed.

If we are aware of damage that was caused by you which you refuse to repair, if it is dangerous to others, we will carry out the repair. We will charge you the cost of any work that is necessary to remove the danger.

The repairs part of our website will tell you our policy on repairs, and sets out which repairs are our responsibility and which are your responsibility.

We will keep in good repair all communal areas and amenities.

We are responsible for making sure that communal and external areas are in a reasonable condition, even when we are not told that a repair is needed.

We will carry out an annual gas safety inspection and an annual service of our gas appliances.

### 3.2 Right to Repair

We will pay you compensation if certain urgent repairs are not carried out within specified time limits decided by law.

This is the Right to Repair scheme and the details of the repairs that qualify for this, and the time scales, are on our website.

### 3.3 Major Works Improvements

We will seek and consider the views of all affected tenants on any proposed major repair and improvement scheme.

### 3.4 Consultation and information

We will consult you about important changes to the way in which the Housing Service is managed, particularly those relating to your tenancy.

We will provide you with information about our performance, how the Housing Service is paid for and how your money is spent. Performance information is available on our website.

We will make sure that any information about you is held in a way that complies with the Data Protection Acts.

We keep information about you that we need, to provide you with a service. Such information will be confidential and we will use it only for the purpose for which it was obtained, and will keep it as accurate and as up to date as possible. This information is held on computer and manual records, and you have the right, provided certain conditions are met, to see it.

### 3.5 Quiet enjoyment

We will not interfere with your quiet enjoyment of the property as long as you, your household and any visitors to your property, keep to the conditions of this Tenancy Agreement. If we need to gain access to your property in an emergency, we have the right to do so without giving you notice. If we have to force entry, we will make sure that your property is secured before we leave.

We have a legal responsibility to allow you, as long as you pay your rent and keep all other tenancy conditions, to live peaceably and without any interference from us or anyone acting on our behalf.
